

Weimar College

Financial Information Overview

Perhaps you have looked at our educational programs and feel that God may be calling you to Weimar. Now you are wondering, "What's it going to take financially to make this happen? Is this even possible?"

We believe that if God has called you, it will be possible. What God asks you to do; He also enables you to do. But following God's call means you must put in your best effort; you must stretch as far as you can mentally, spiritually, physically, socially and yes, financially. If you are willing to do this, we believe God will gladly help you.

We at Weimar have committed ourselves to giving you the best education for the lowest possible cost, yet quality education is not cheap. Every student who chooses to enroll full-time in the college will be expected to work on campus and to draw on other financial resources as well. To help students who have done all they can and yet demonstrate a need, a limited number of privately funded financial assistance programs are also available.

We have seen it again and again. When God calls, and when the one He has called is willing to go to the limit, holding nothing back, God makes a way. If He is calling you to come to Weimar College and you are willing to give it your all, take the challenge and answer His call. He is the best business partner you will ever find.

Financial Assistance Programs

At Weimar College we believe in the value of the unique programs that we offer, and we wish to preserve our free choice to continue making this special educational opportunity available. For this reason, we have chosen to operate without securing or receiving direct or indirect financial aid from federal, state or other government sources. This means that we are not involved in any government scholarships or grant programs, and do not intend to seek this type of assistance.

At the same time we understand the challenges involved in paying for a college education, and are actively seeking ways to assist students who demonstrate a financial need. The following assistance programs are privately funded, and while limited, help to provide the hard-working, praying student with the chance to stay in school when this might otherwise be impossible.

Literature Evangelist Scholarship

The Literature Evangelism Program helps a large number of students who wish to spend their summers in outreach and who also need to put away money for school. Students in this program will be granted a scholarship in addition to the amount earned through book sales. The scholarship is available in the form of a discount applied to the student's bill and matches 50% of the amount forwarded to the college by the Conference or publishing entity from the student's earnings.

Student Missionary Grant

A Student Missionary Grant of \$1000 is available for students returning from an overseas (outside the USA) assignment of at least 9 months duration. A criterion is available from the Student Finance Office.

Work Education Program

All students are expected to participate in the Work Education Program. Satisfactory completion of the required work program allows a maximum tuition reduction of \$6.25 per hour for a minimum of 10 hours a week during the semester. Amount of tuition reduction received each semester is based on the student's work education grade.

Worthy Students Extra Work Program

Students with exceptional financial needs may apply to the Needy Students Extra Work Program in order to earn extra money towards their account. Additional work availability is based on funding and the student's financial need. Extra work must receive prior approval from the appropriate offices. Monies earned will be channeled through payroll and are subject to payroll taxes. All funds earned must be applied to the student's account.

Summer Work Scholarship Program

Weimar College offers a summer work scholarship program for those who have been accepted as students for the coming year. The student will begin work not later than 11 weeks prior to registration. A student must work a minimum of 400 hours to qualify for student work assistance funds (amount over minimum wage based on grade earned for work education). This amount will be applied to the student's account in addition to summer earnings.

Prospective students should submit to the Education Marketing Director of Weimar College a résumé, two work references and a letter stating the desire to be included in the Summer Work Scholarship Program by May 1 for eligibility. Returning students should see the Director of Work Education. Single college students employed in the Summer Work Scholarship Program must live in on-campus student housing unless they are living with a parent or legal guardian in the surrounding area.

Task Force Grant

A Task Force Grant of up to \$1000 is available for students returning from a task force assignment in North America sponsored by the SDA church and Conference-related organizations. The grant is based on 50% of earnings while on the task force assignment.

Weimar Academy Graduates

Weimar Academy students who continue their education at the College will receive \$500 in the form of credit toward their expenses. This is not available to the staff children who receive tuition subsidy from Weimar Institute.

Work Education Scholarship Program

Weimar College's work education program is designed to equip students with practical work skills, prepare them for life and their future jobs, and aid in building their characters.

The following is a list of the various Work Education stations to which students may apply. Effort is made to hire the student into a position related to their educational major.

As part of the school's curriculum, students attend an instructional class and receive academic credit for their Work Education during the school year. They are required to complete the specified work assigned each week and receive semester academic grades based on class participation and the quality of their weekly work.

Financial Information

All students are expected to participate in the Work Study Educational Program. Satisfactory completion of this program allows a maximum tuition reduction of \$6.25 an hour for a minimum of 10 hours each week during the semester and is based on the student grade.

Student work is evaluated and graded each month and tuition reduction is awarded according to the grade received. The following amounts will be awarded each month according to the grade earned:

- An "A" grade each month brings a maximum of \$937.50 tuition-reduction per semester.
- A "B" grade each month brings a maximum of \$862.50 tuition-reduction per semester.
- A "C" grade each month brings a maximum of \$787.50 tuition-reduction per semester.
- If the student earns a work-education grade of D or below, no tuition-reduction monies will be awarded.

Tuition-reduction monies will defray the student's tuition costs, but will not be paid out in cash.

Worthy Students Extra Work Program.

Students with exceptional financial needs may apply to the Worthy Students Extra Work Program in order to earn extra money towards their account. Additional work is obtainable based on availability of funding and the student's with financial needs. Extra work must receive prior approval from the Student Finance Office, the Business Office and Human Resources office. Monies earned through additional work will be channeled through payroll and are subject to payroll taxes. The student is required to complete the Employment Eligibility Verification I – 9 and receive all necessary approvals before beginning extra work. All funds earned must be applied to the student's account.

Financial Plan Worksheet Instructions

The Financial Plan worksheet is a tool to assist you in projecting the total cost of your educational program at Weimar College. This plan shows us what your projected costs are, and how you intend to finance them. Weimar College does not participate in either federal grants or loans, and as such, the full amount of the cost is to be covered by the student and/or parent/guardian.

Section I

Please project the total cost of your year's education at Weimar, and extend the total onto line (a).

Please note: Tuition and other fees are due at registration time. Book fees must be paid in cash and may not be charged to the student account. Students have a limited ability to earn, however, the earnings from the required student work program come close to covering the room and board charge that is levied on a semester basis.

Students may not draw funds from their tuition account. However, they may open a separate account at the Business Office to care for their personal needs.

Enter the sources of all funds available to you and enter the total on line (b). If the funds available to you are sufficient to cover the costs projected on line (a), please skip Section III. If however, the total on line (b) is not adequate to cover the total cost as projected, please obtain written sponsorship agreements.

Section III

Be sure to speak to your local church pastor and request assistance from the church's Worthy Student Fund. At times, funds may also be available from your local conference, so be sure to check with them too. List the amounts that will also be available from other sources and enter the total of all other funds on line (c).

In order to prevent delays in processing your enrollment application, please provide the College Admissions Officer with the name, addresses, telephone number and fax number of each party who has agreed to provide you with financial assistance.

Sponsor Financial Support Agreement: May be obtained from our online application materials and should be submitted with financial forms. If sponsors have questions they may contact Education Marketing at 530-422-7908 or Student Finance at 530-422-7920 for assistance. **Without the properly prepared Sponsor Financial Support Agreement, your application will not be considered complete.**

Section IV

Summarize your Financial Plan by computing the total of lines (b) and (c) and subtracting them from the total recorded on line (a). Enter this total on line (d). If the result is positive, you will have sufficient funding for the school term. If however, the result is negative, you have a shortage of funds for the educational program that you have outlined. Please explain in detail *how* and *when* you intend to cover this shortage. Please note that lack of adequate funding may prevent you from gaining admission and/or attending for the full period requested above.

Required Documentation

If your Financial Plan does not show adequate financing available, a copy of *both* the student's and the parent's income tax returns for the past two years must be submitted with the application.
